

St. Forchern's Restoration Works

Protected Structure ref: CW 449 NIAI 10302303

A Chara,

Work is progressing well at St Forcherns Church, we hope to complet all works next week with the scaffolding being taken down also. a number of coats of lime plaster has been applied to bring back up to the original thickness. the find edge detail around the side window and vestry door is complete and the final coat is on the two side walls. the rear wall is the remaining elemnt of work.

The church will be open this Sunday for private prayer from 12 - 6pm, please follow health and safety guild-lines for covid-19 and maintain social distancing.

Fund raising is progressing well and thank you for those who have donated already, we understand it's a challenging time for everyone and your support is greatly appreciated.
